

ELECTRICAL DISTRIBUTION TECHNOLOGY PROGRAM

The Electrical Distribution Technology (EDT) program is a joint partnership between the Community College of Allegheny County (CCAC) and Duquesne Light Company to provide training in the basic skills, knowledge, and abilities applicants would need to apply for skilled craft positions in the electrical utility industry.

EDT PROGRAM BEGINS IN SEPTEMBER 2022

- 1 year Certificate Program
- Participants will obtain a Class A CDL
- 2 paid Internship opportunities for all participants
- 5 Scholarships Available
- Successful graduates will be considered for positions with Duquesne Light, however, graduation does not guarantee employment

*COVID Vaccinations Will be Mandatory for
Entering the Program*
